What is it?

The inside ride is a fun, energetic cycling challenge that raises funds for support and financial assistance programs, supporting the fight against childhood cancer. Teams of 6 riders register & fundraise online. They compete to determine who has the most spirit, the best costume, top fundraiser or the highest mileage. Each cyclist rides for 5 or 10 minutes with a break between each round while the music plays. The focus is on fun, participation and making a difference for the kids.
